

Scholarship

As part of the Education School Support program, known as EOGO (each-one-get-one), where we encourage each employee to get one referral. Cheques were issued in the name of the schools and handed over to the beneficiary by the applicant [our employee]. Few more cases were under review and the funds were to be allocated by the end of September 2018. The program will continue as we jointly monitor the progress of the student. This will not only encourage the beneficiary but also the applicant.
